
NTIS HALL OF FAME

Lorraine Schrock

Volume 1, Issue 1

July 2000

Lorraine Schrock Dedicates Twenty-two years at NTIS

And she survived every bit of it with a smile ????

Before joining NTIS, Lorraine worked for the Navy. After marrying Moe they returned to the Washington area from California. She went back to work at the Pentagon for the Navy until Lewis was born in 1961. She returned to the Navy for a short while until Anna was born and then dedicated twelve years to the incomparable rewards of motherhood.

Lorraine began her journey at NTIS over twenty-two years ago in the Production, Distribution and Reproduction Division. She endured an unusual number of office name changes and supervisors during her NTIS career. She dedicated many years to generating extraordinary customer satisfaction in the Subscription Department. NTIS then utilized such an asset for their Sales Marketing Division. Lorraine continued up the corporate ladder in positions such as Promotion Clerk, Trade Specialist, and Direct Marketing Specialist. She used her remarkable experience and education for promoting and marketing NTIS. After devoting twenty-two years of exceptional performance Lorraine has acquired an impressive portfolio and a distinguished reputation with colleagues and management. Her talents and skills will continue to bless her in her life of leisure.

Lorraine is Retiring

by Janet Wooding

To retire or not, what is one to do -
Leave NTIS and all it's fine crew?

Finally, the decision was made -
And the date it was set.
There's no stopping her now -
On this you can bet!

These last few weeks -
She's been sorting through files.
Cause she's kept records for years
That go on for miles!

No more early wake up alarms -
That Lorraine and Moe did so hate.
Soon, it's late night TV -
With lots of snacks on a plate!

It's morning coffee on the deck -
At a leisurely pace.
Just enjoying the good life -
Not missing the ole' rat race.

So Lorraine, you can now forget -
All those mail lists and tapes.
Get ready to travel -
A new grandchild soon awaits!!

All the best to you and Moe.

NTIS will greatly miss such a dedicated and devoted individual.

It's In the Stars...

Aries (March 21 - April 19)

Taurus moon in your fifth house promises a new attitude toward work. Focus on your people skills; become a better listener. The collision of Jupiter and Neptune will steer you to travel in your future. A male Scorpio is on the rise and looms on your horizon; due to appear approximately November 2nd. You will not be able to resist his personal magnetism and he will play a significant role in your future.
